**Subject:** Mine and Todd P's comments to latest Tetra Tech Draft QAPP

**Lynn and Alyse,**

Section 1 of the QAPP has been slightly revised, please take a look again at sections 1.2 and 1.3 and let me know if you have any comments.

**Rob,**

I copied all of Todd's comments from Friday over to the version that you sent me on Friday. I already responded to several of them but we will need to go through them tomorrow. I also made a few more comments for which I also mostly made some edits (track changes was on for all of this).

**Chuck and Rob and Todd,**

Todd, thanks for all your comments last week. I believe I responded to nearly all of them but we will need to discuss. I will be sending an invite for a meeting tomorrow morning. Let's get this knocked out first thing so we can pass it along for QA review. Thanks for all your hard work.

Tom
